Sharing Your Faith with Online Services

The New Covenant Church Tip Guide to Sharing Sunday Lessons Here is a tip to using friendship õice breakerö evangelism. A lot of us as saints of God have established an online presence which has given us a stage to express our thoughts to the people that we have õfriendedö over time. When beginning your Sunday viewing of the lesson taught by Pastor Willis, you can be obedient to being used of God to share the gospel by clicking the share button. Another option is to create a watch party and according to the Holy Spirit you can invite some or all of your contacts. This can become one your own points to pray for. The word never goes out void. During this time, as we are striving to follow the above prayer points, let us never forget the purpose of our vocation. That is to work according to our grace to spread the Gospel of Jesus Christ. And it is by the glory of His grace.
