***Palm Sunday begins our observance of Holy Week. Today's service will be an reenactment of the Lord, Jesus Christ triumphant entry into Jerusalem. The same group that cried out, while placing their clothes and palm branches in His path, Hosanna in the highest, would lend their voices against our Savior before Pontius Pilate saying Crucify him. Jesus Christ, having the foreknowledge of God, rode in being the hope for all mankind.***

*Remembering our late First Successor,*

*Bishop John H. Sorrells Sr.*

***Pastor Willis and the church like to take a moment of remembrance and gratitude for the brief yet effective ministry of this soldier for Christ. This is the 27th year of his passing.***

***Homegoing March 20, 1997***

***More of the late Bishop Sorrells' life and accomplishments can be found in the front display area of the church.***

**An Easter Musical  
With Video Re-enactment of  
The Death, Burial, and  
Resurrection of Jesus Christ**

**Presented by  
New Covenant Church  
Pastor Eddie. Willis Sr.  
and Membership**

**Sunday, March 31, 2024 @11:00 AM**

**Free Admission**

**Spring break in 2024 was held at NCC.  
Memories in pictures.**

# AN ENDURING STEWARDSHIP

## Biblical Words of Encouragement

“And the multitudes that went before, and that followed, cried, saying, **Hosanna** to the son of David: Blessed is he that cometh in the name of the Lord; **Hosanna** in the highest”  
(St. Matthew 21:9) KJV.

## HEALTH & NUTRITION

### Benefits of Drinking Water

Getting enough water every day is important for your health. Drinking water can prevent dehydration, a condition that can cause unclear thinking, result in mood change, cause your body to overheat, and lead to constipation and kidney stones. Water has no calories, so it can also help with managing body weight and reducing calorie intake when substituted for drinks with calories, such as sweet tea or regular soda.

#### Water helps your body:

- Keep a normal temperature.
- Lubricate and cushion joints.
- Protect your spinal cord and other sensitive tissues.
- Get rid of wastes through urination, perspiration, and bowel movements.

#### Your body needs more water when you are:

- In hot climates.
- More physically active.
- Running a fever.
- Having diarrhea or vomiting.

*Please consult your physician before changing your diet or lifestyle—NCC Health & Nutrition Team*

## COVENANT CURRENTS On The Horizon...
